**World Leadership**

Triad & Bravo offer world leadership in value and innovation that is changing the way building owners, architects, and facility managers plan for the future. Designed to meet the needs of tomorrow's intelligent building, Triad is setting the standards for Next Generation Buildings. A Triad Access Floor system offers the flexibility required for tomorrow's unknown technologies with the performance and price needed for today's tough budgets.

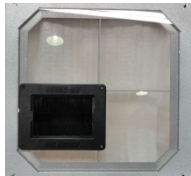

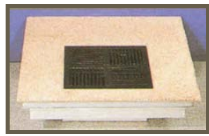

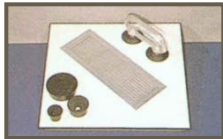

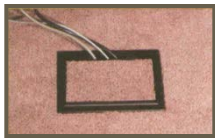

**PRODUCT TYPES AVAILABLE**

Triad offers cementitious filled steel, welded steel and structural composite panel systems that are truly world class products. Designed to eliminate structural weak points found in most raised floor systems, the Triad products are available in many strengths to meet your building needs.

**Triad UNDERSTRUCTURE**

A System For Every Application  
 Corner Lock, Rigid Grid  
 Low Profile, Freestanding

**ACCESSORIES**
